

# HOST A DRIVE FOR

Together, your family, neighbors, and community, help provide life-changing access to clothing and basic necessities to local children in need.

1

## Decide the start and end date of your drive, a drop-off location, and best contact person.

We suggest a 2-4 week drive, to give enough time for people to go through their items and purchase if they choose to do so. We can provide you with donation boxes to contain the items and helps make your donation location clear. The contact person will be the liaison between your community and Catie's Closet. **Fill out our Host A Drive form here.**

2

## Contact us for a customized flyer.

Includes the dates of your drive, your chosen drop-off location and contact information. Our fliers also include our Amazon Wish List and monetary donation links to give your community options on how to give. Use your flyer to promote your drive - post it in local businesses and gathering places or share it digitally!

3

## Once your drive is complete, contact your local Distribution Center to schedule an appointment to drop off your items.
